Your computer must be registered to use Siena’s network. In addition, you must agree to abide by Siena’s Computing Use Policy. Until you are registered, network access is limited to Apple.com, Google.com, Microsoft.com, and some antivirus providers so that you have access to software updates. Important note! As part of the registration process your computer will be scanned for Up-to-date antivirus software and Windows security patches. Windows comes with a free anti-virus program called Defender. If you are having trouble with 3rd party anti-virus software, please try using Defender. Devices that do not have a browser (ex. Gaming, Blu-ray, Smart TV’s, etc.) will need to be manually registered.

How do you register?

For devices that have internet browsers like Computers, Phones, Tablets, etc

1. Connect your device to a wired port or wireless connection on campus
2. Open the browser and try going to a website like cnn.com
3. You should automatically be redirected to the following page:

![Registration Portal]

4. Follow the instructions on the registration portal

For gaming systems, blu-ray players, smart TV’s, streaming players, etc

1. Connect your device to a wired port or wireless connection on campus
2. Find the MAC address for your device
3. From an internet browser, browse to: https://campusr.siena.edu/registration/ which will bring you to the following page:

4. Follow the instructions on the registration portal

If you are still having trouble registering your device please contact the Help Desk
