

Windows 10

Windows 10 is a Microsoft operating system, designed to be run on Windows-compatible computers. Windows 10 is now the preferred Siena college Windows Operating System. New computers will come with Windows 10, teaching podiums will run Windows 10, and most public lab spaces will run Windows 10.

Quick Start: Desktop at work Windows 10

Flatten the learning curve

The Start button
In the lower-left corner, it puts what you need at your fingertips.

Browse every app

Find files

Personalize settings
Make the defaults even better. Monitors, networks, printers, and more.

Turn the PC off

Use an app all the time? Pin it
Press and hold (or right-click) an app, then select **Pin to Start**.

Group apps
Drag apps into groups, press and hold (or right-click) to resize, and select the title space to give the group a new or better name.
