

Device Registration

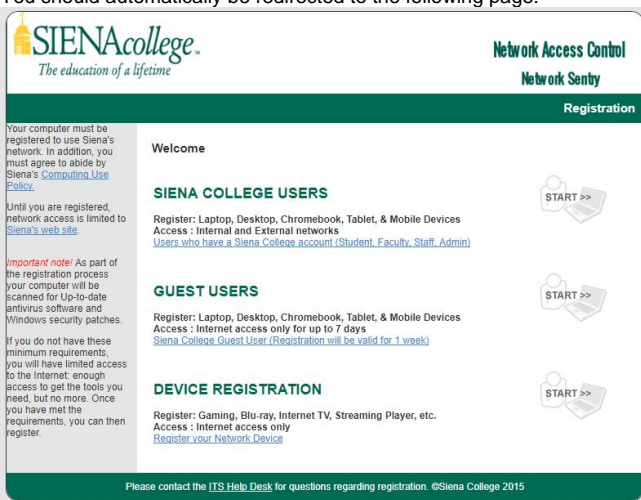

- Your computer must be registered to use Siena's network. In addition, you must agree to abide by [Siena's Computing Use Policy](#).
- Until you are registered, network access is limited to [Siena's web site](#), Apple.com, Google.com, Microsoft.com, and some antivirus providers so that you have access to software updates.
- **Important note!** As part of the registration process your computer will be scanned for [Up-to-date antivirus software](#) and Windows security patches.
- Windows comes with a free [anti-virus](#) program called Defender. If you are having trouble with 3rd party anti-virus software, please try using Defender.
- Devices that do not have a browser (ex. Gaming, Blu-ray, Smart TV's, etc.) will need to be manually registered

How do you register?

For devices that have internet browsers like Computers, Phones, Tablets, etc

1. Connect your device to a wired port or wireless connection on campus
2. Open the browser and try going to a website like cnn.com
3. You should automatically be redirected to the following page:

4. Follow the instructions on the registration portal

For gaming systems, blu-ray players, smart TV's, streaming players, etc

1. Connect your device to a wired port or wireless connection on campus
2. Find the [MAC address for your device](#)

3. From an internet browser, browse to: <https://campusr.siena.edu/registration/> which will bring you to the following page:

The screenshot shows the Siena College Network Access Control Registration page. At the top left is the Siena College logo with the tagline "The education of a lifetime". To the right, it says "Network Access Control" and "Network Sentry". Below that is a green header with the word "Registration".

On the left side, there is a vertical text block containing instructions: "Your computer must be registered to use Siena's network. In addition, you must agree to abide by Siena's Computing Use Policy." It also includes an "Important note!" about scanning computers for updates and security patches, and a note about limited internet access if requirements are not met.

The main content area is titled "Welcome" and lists three registration options, each with a "START >>" button and a laptop icon:
